

# Annual Birth Mother Tea Party

## Celebrating Birth Mothers

### About A New Beginning

A New Beginning was founded in 2004 and is a non-profit, fully licensed agency providing the full-spectrum of adoption services necessary including free and confidential pregnancy, counseling, pre-delivery, hospital and post-pregnancy support services to women in Idaho. We advocate on behalf of the birth mothers, open adoption and building lasting and healthy families through guidance and preparation. Our team understands and are skilled in the areas of grief and loss, trauma, attachment and family dynamics and these services are essential to all the members of the adoption triad, especially the birth mothers.

A New Beginning is dedicated to life-long support of the many birth mothers who chose an adoption plan for their babies and a better future for themselves.

### The Event

A New Beginning's annual Birth Mother tea party is a celebration to recognize the Birth Mothers who have selflessly made an adoption plan for the baby or children. Sixteen years ago it was proclaimed that the Saturday before Mother's Day would be recognized as National Birth Mother's Day. We celebrate by bringing these special women together for an afternoon of bonding, self-reflection and celebration. 2017's event was the biggest ever, bringing 42 women together. In 2018 we have to move to a new location to accommodate this growing event. We need your help.

### Sponsorships

Sponsorships of the event will help in creating a magical experience and celebration for the birth parents. It includes catering, drinks, table settings, decorations, therapeutic activities and guest speakers. Please consider one of the following sponsorships.

# Annual Birth Mother Tea Party
